

As a Past President of the Division of Work and Organizational Psychology (Division 1), it is with great pleasure that I endorse Lori Foster for President- Elect of IAAP. Her work with the Obama White House and the United Nations, solid research background, and strong policy perspective, among other significant accomplishments, make her eminently qualified to successfully lead IAAP at this time.

Virginia E. Schein, Ph.D.

Professor Emerita of Management and Psychology, Gettysburg College

UN/NGO Representative for CSEND (Geneva)
